

# AGENDA

## CCQM Isotope Ratio Working Group 2024 spring meeting

9am – 6pm, April 22, 2024, Sevres, BIPM, Breteuil Room

send presentations: [pb.room@bipm.org](mailto:pb.room@bipm.org)

|  |  |   |
|--|--|---|
|  | Welcome, appointment of rapporteur, approval of agenda, other administrative matters | Zoltan Mester, NRC  |
|  | Approval of minutes from last meeting  | Tongxiang Ren, NIM China  |
|  | Member reports (including other CCQM WGs)  | Max 10 min per institute  |
|  | <b>Outreach</b>  |   |
|  | reports from other organizations   | FIRMS - Phill Dunn<br>IUPAC - Juris Meija<br>IUPAC CRM project - Phill Dunn<br>NIST CRM coordination initiative – Rebecca Kraft<br>IAEA consultation – Federica Camin |
|  | <b>Advancing science</b>   |   |
|  | Interrelations of isotope calibration hierarchies of Zn/Ni/Cu                        | Lu Yang, NRC  |

|  |   |                                      |
|--|---|--------------------------------------|
|  | Workshop proposals/ideas update   | Jochen Vogl, BAM                     |
|  | <b>Governance</b>   |                                      |
|  | Quantities, Units and Symbols Task Group –IUPAC project progress update,  | Phill Dunn, LGC                      |
|  | Traceability Task group TOR   | Juris Meija                          |
|  | CMC status for isotope ratios, review of existing claims , task group TOR | Kyoung-Seok Lee, KRISS et al         |
|  | CCQM Task Group on Food Measurement                                       | Maíra Fasciotti, INMETRO             |
|  | CCQM Task Group on Metrology for Li-ion batteries                         | Steffen Seitz, PTB                   |
|  | <b>Improve comparability</b>  |                                      |
|  | Comparison planning, next 5 years   | Jochen Vogl, BAM & Phil Dunn, LGC    |
|  | CCQM-K183/P234, Cu absolute measurement study, update                     | Axel Pramann, PTB                    |
|  | CCQM-K182/P233, Li delta study, update                                    | Lukas Flierl, PTB/ Olaf Rienitz, PTB |
|  | New study proposals matrix C and N  | Federica Camin, IAEA                 |

|  |  |                          |
|--|--|--------------------------|
|  | New study proposals, N C compound specific study | NIMA                     |
|  | New study proposal, Zn in sediment               | Tongxiang Ren, NIM China |
|  | New study proposal, Sr in Rice                   | Tongxiang Ren, NIM China |
|  | New study proposals, CNOH wood matrix            | Maíra Fasciotti, INMETRO |
|  | Fall meeting 2024 and 2025                       | Zoltan Mester, NRC       |
|  | Any other business                               | Zoltan Mester            |
|  | Closing  | Zoltan Mester            |
