

# Progressing the state of the art for Chemical and Biological Measurement Science

---

**CCQM 25<sup>th</sup> Anniversary Workshop: 10 April 2019**  
(Poster session on 9 April 2019)

**Focus on: Progress in the state of the art for Chemical and Biological Measurement Science**

**Linked to METROLOGIA Focus issue on  
'Advances in Metrology in Chemistry and Biology'**

**Format: Published paper, presentations and posters**

# **Metrologia Special Issue:**

## **Focus on Advances in Metrology in Chemistry and Biology**

**Call Open from: 15 January 2018 to 1 December 2018**

**Scope of Papers:** Focus on Advances in Metrology in Chemistry and Biology

- Papers should progress the state of the art of measurement science in Chemistry or Biology, including advances in reference measurement methods, certified reference materials and reference data, as well as papers that contribute to the solution of difficult measurement problems of national/international importance and/or improve the accuracy of measurements of important chemical or biological measurands.
- Papers published will include novel research contributions as well as review articles (invited).
- Papers considered for publication will need to meet Metrologia guidelines
- State in cover letter that paper is intended for 'Focus on' issue

# **Metrologia Special Issue: Focus on Advances in Metrology in Chemistry and Biology**

**Review articles: Submission deadline is 1 December 2018**

**Scope of Papers:** Focus on Advances in Metrology in Chemistry and Biology

- Each of the technical CCQM WGs have been invited to consider submitting a review article on a topic in their field of expertise

# CCQM Workshop on Advances in Metrology in Chemistry and Biology

10 April 2019

(Preceded by Poster Session on Evening of 9 April 2019)

Call for abstracts for presentations and posters open on: **1 May 2018**

Deadline for submitting presentation and poster abstracts: **1 October 2018**

## Workshop Presentations and Posters:

Workshop Presentations will **preferentially** be selected from papers accepted for publication in the Metrologia Focus Issue on 'Advances in Metrology in Chemistry and Biology'.

Presentations will also be considered for received abstracts for which authors undertake the commitment to submit a paper to Metrologia before 30 September 2019.

Workshop will have approx. : **12 presentations and 34 posters**

Email for abstract submission: **CCQM2019@bipm.org**

# CCQM Workshop on Advances in Metrology in Chemistry and Biology

10 April 2019

(Preceded by Poster Session on Evening of 9 April 2019)

## Steering Committee:

Metrologia Focus Issue Guest Editor Dr R. Brown (Metrologia Board Member)

Focus Issue Steering Committee Members: Dr. W. E. May (VP CIPM and President CCQM) Dr L. Mackay (CCQM OAWG), Dr M. Sargent (CCQM IAWG), Dr J-S. Kim (CCQM GAWG), Dr M. Mariassy (CCQM EAWG), Dr W. Unger (CCQM SAWG), Dr H. Parkes (CCQM NAWG), Dr J. Morrow (CCQM CAWG), Dr S-R. Park (CCQM PAWG)
