Report on the Activities of  
**IMEKO Technical Committee 22 „Vibration Measurement“**

from October 2006 to September 2008

The main event after the World Congress in Brazil (Sept. 2006) was the joined Conference of TC 22 together with TC 3 (Mass, Force and Torque) and TC 16 (Pressure) in Merida (Mexico) on the Yucatan Peninsula.

The program included:

- One Keynote (T. Usuda) :  
„Development of charge amplifier calibration system employing substitution method“
- Three oral sessions with altogether 16 scientific presentations
- Manufacturers exhibition with three booths concerned with vibration measurement
- Meeting of the members of the TC

The proceedings publications are now available online as PDF-files via the IMEKO-website: <http://www.imeko.org/proceedings.php>

During the TC members meeting it was decided, that the next TC 22 conference, again will be joined with TC 3 and TC 5 (Hardness) in Pattaya (Thailand) from 21<sup>st</sup> to 25<sup>th</sup> of November 2010.

In the meantime TC 22 prepares it's activities for the IMEKO XIX World Congress from 6<sup>th</sup> to 11<sup>th</sup> September 2009 in Lisbon (Portugal). Intended are oral session and a workshop on “Use and calibration of non-contact vibrometers”.
