NIST - CH Maser

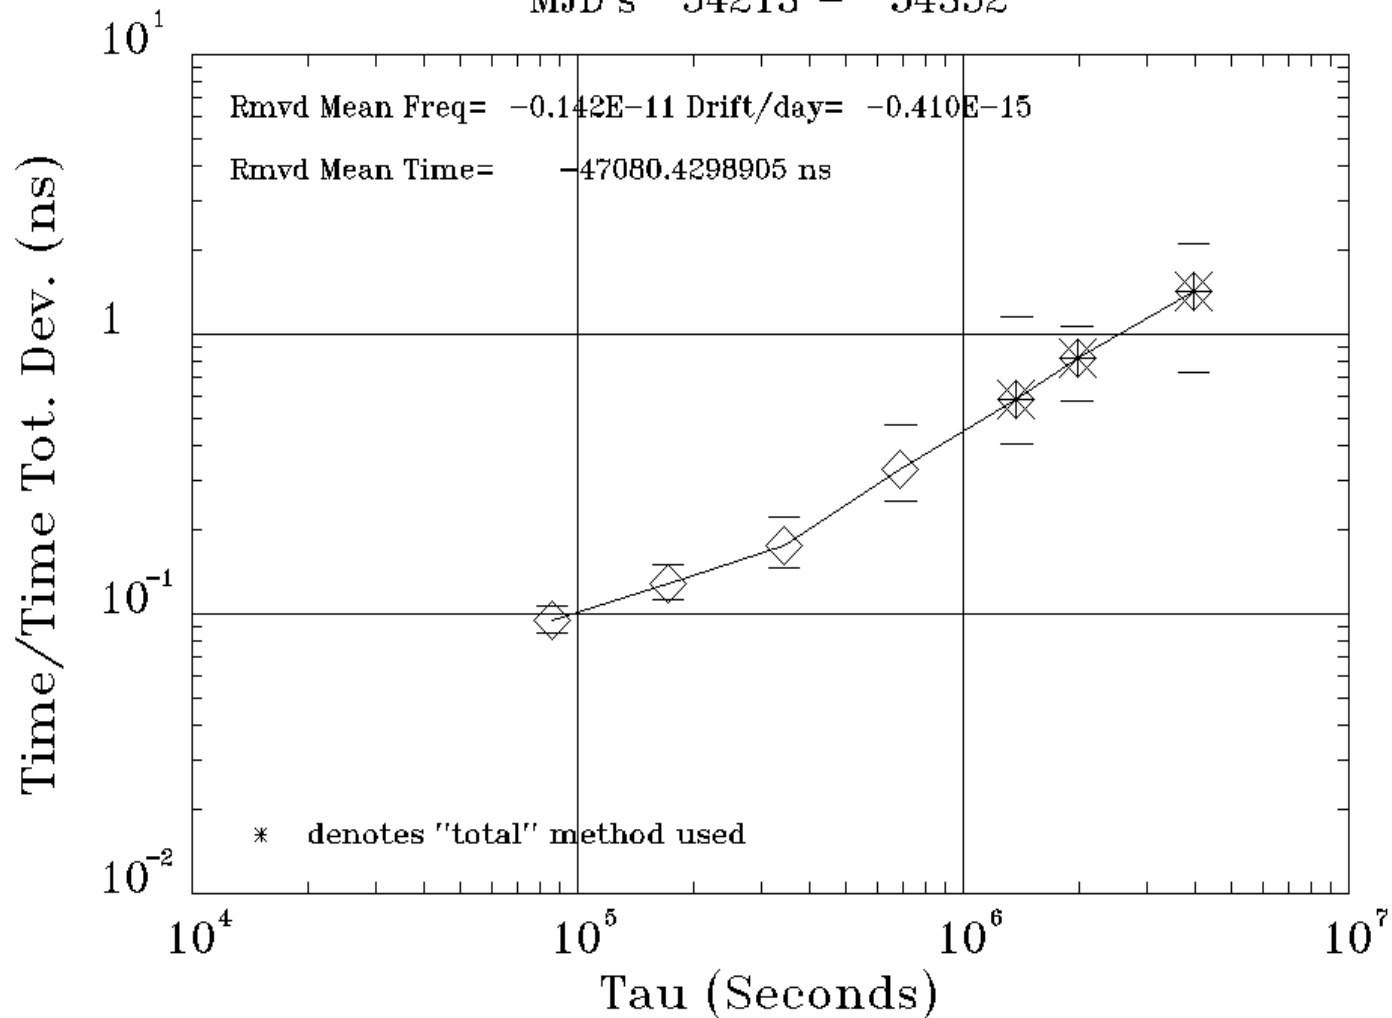

MJD's 54213 - 54352

TWSTFT Time Deviation Data (One Day Average)

NIST - OP Maser

MJD's 53865 - 54353

Power Levels Are Monitored

RX Power from PTB

Other Comments

- UTC is now the official time of the USA.
- I will be retiring from NIST on October 12, 2007. However, I will continue to work for NIST part time as a contractor.
- Victor Zhang (vzhang@boulder.nist.gov) should be the main contact at NIST. However, please continue to include me in your e-mails (no change in e-mail address or phone number).
