
Draft Agenda

- 1) Opening address – Stanisław Schillak, Head of the Astrodynamical Observatory
- 2) Approving Agenda
- 3) Laboratories reports (about 1 hour)
- 4) Status of the TWSTFT contract regarding the EU-EU, US-EU link – A. Bauch, D. Piester, PTB (about 10 min + discussion)
- 5) Computation of TWSTFT for UTC/TAI Generations – Z. Jiang, W. Lewandowski and H. Konaté, BIPM (about 20 min + discussion)
- 6) Report on the modified Recommendation ITU-R TF.1153 – A. Bauch, D. Piester, PTB (about 20 min + discussion)
- 7) Eu-Asia link – Miho Fujieda, NICT (about 15 min + discussion)
- 8) What future for Pacific Rim links in UTC/TAI generation – W. Lewandowski, BIPM (5 min + discussion)
- 9) Restore the TW Calibration with a GPS Bridge – Toward a Standard Procedure – Z. Jiang, BIPM and D. Piester, PTB (about 15 min + discussion)
- 10) Report from TimeTech – W. Schaefer (about 10 min + discussion)
- 11) Organization of the T2L2 experiment at AOS – J. Nawrocki, S. Schillak et al., AOS (about 20 min + discussion)
- 12) Time and frequency transfer via optical fiber – M. Lipiński et al., AGH (about 15 min + discussion)
- 13) Current and planned calibration exercises
- 14) Discussion
- 15) Tour of AOS time and laser facilities
